Re: Water Supply Well Sampling
Edgecombe County Landfill
2759 Colonial Rd, Tarboro, Edgecombe County, NC
ID#: NONCD0000653

Dear Mr. Wooten:

The North Carolina Department of Environmental Quality, Division of Waste Management (Division) is currently conducting monitoring of groundwater contamination in the area of your property located at 2577 COLONIAL RD KNIGHT SHELTON LD in Tarboro, Edgecombe County, North Carolina. The purpose of this letter is to request your permission to sample the water supply well located on your property. This sampling will be performed by Division staff or the Division's contractor at no cost to you. You do not have to be present to have your well sampled. Samples will be collected from either a faucet at the well or on the exterior of your home. The laboratory results will be forwarded to you as soon as possible. To provide the Division permission to sample your well, please sign the attached permission form and return it to our office in the enclosed stamped envelope within 14 days or as soon as possible.

If you do not wish to grant the Division permission to sample your well, we recommend you have it tested for volatile organic compounds by SW-846 method 8260, 1,4-dioxane by Method 8260SIM, semi-volatile organic compounds by SW-846 method 8270, 14 metals by SW-846 method 6020, mercury by method 7471, ammonia by SM 4500, and nitrate and sulfate by EPA Method 300 by a private laboratory or the local health department because of the concerns for contamination in the area. The private lab or health department will likely charge a fee for this sampling. Please contact me at (919) 707-8347 or by email at zi-qiang.chen@ncdenr.gov if you have any questions.

Sincerely,

Zi-Qiang Chen, PhD, Environmental Engineer
Division of Waste Management – NCDEQ

Attachment: PERMISSION FORM & ADDRESSED –STAMPED ENVELOPE
